—Wholly Owned by HEBEI MINMETALS CO.,LTD

Hebei Minmetals Co. Ltd, is a joint stock enterprise which specializes in manufacturing and exportation of wire, agricultural fencing, wire fencing and steel construction products. Historically, Hebei Minmetals was a structured state-run trading company. Hebei Minmetals Co. Ltd, was established in September 2004 with registered capital of \$5,000,000 USD and has grown dramatically since its inception. Our annual export sales reach \$190M USD.

The main products of Hebei Minmetals includes industrial wire, wire fencing, fence posts, lawn & garden products, building materials, fasteners and household products. Hebei Minmetals is always reviewing ways to improve existing products as well as developing new, innovative products. Our sales network has extensive with resources in North & South America, Africa, Australia, Europe and Asia; in addition, Hebei Minmetals has client distribution networks for the world market areas described.

The Hebei Minmetals enterprise extends to 15 owned manufacturing companies in Northern China, plus a joint venture manufacturing company in Southern Thailand. The base of this large enterprise started with four manufacturing operations. (Wuxin Garden Products Co. Ltd, Hebei Wuxin Wire & Netting Products Co. Ltd, Hebei Wuxin Fiberglass Products Co. Ltd and Hebei Jinmetai Hardware Products Co. Ltd, along with a joint venture ownership in Hebei Haixin Hardware Products Co. Ltd.) In keeping with our export trading roots, Hebei Minmetals also sources non-company produced products for our clients from strategic mill partners in China as well as Southeast Asia.

Another value added option Hebei Minmetals offers for our operations based in Northern China is warehousing. This enables the Hebei team to stage multiple product groups which allow for highly mixed containers. The ability to mix multiple product groups in one container provides many of our clients with both improved cash flow and turn days.

Hebei Minmetals has a very professional and energetic staff whose single focus is serving our clients every day. We strive to help eliminate the headaches associated with the import business by executing and meeting our client's expectations around pricing, quality and service.

We look forward to the opportunity to work with you in the future.

Yours Faithfully
Hebei Minmetals Company, Ltd.
